

# Oncore FLEET

## ▶ BE RIGHT ON TRACK

The Oncore Fleet is a comprehensive, flexible and affordable service that assists users in cost savings from efficient management, improved customer service and increased operational safety and security.

It is a digital communication and tracking service for any mobile assets which utilize the combination of Global Positioning Satellite (GPS), telecommunication and geo-spatial system technologies for highly accurate location information in near real-time.

Backed by established infrastructure and vast experience from the Rightontrack Team, you can be sure of the most accurate information, anytime you need it by just a simple click of a mouse.
